

UPDATES

Following the publication of the BCP an objection has been received from a resident of Chatteris who has requested that the objection is made known to Members, as follows:

- This is one of the last green areas within the town boundary and walking distance of the town centre;
- The objector is looking into registering the land as a Community Asset and the possibility of registering the land as common land;
- Objects to the loss of the countryside and consider that the meadows and surrounding land is maintained for current and future generations.

Notwithstanding the points raised above, the site is allocated for development in the Local Plan and the BCP seeks to achieve a sensitive development in compliance with Policy LP10.

RECOMMENDATION: To approve the BCP in line with Policy LP7 of the Local Plan.
