Agenda Item No:	7	Fenland
Committee:	Overview & Scrutiny Panel	CAMBRIDGESHIRE
Date:	15 January 2024	CAMBRIDGESHIKE
Report Title:	Review of Fees and Charges 2024/	25

Cover sheet:

1 Purpose / Summary

To review the Council's Fees and Charges for 2024/25, in line with the Budget Strategy considered by Cabinet on 18 December 2023.

2 Key issues

- At a separate agenda item, the draft Budget report for 2024/25 highlights the significant financial challenges the Council faces over the medium term and the scale of savings required.
- The current and forecast economic climate dictates that the Council's charges have to remain sympathetic to local people's ability to pay, whilst at the same time maximising income to the Council.
- Consumer Price Index (CPI) inflation at September 2023 was 6.7% and currently stands at 3.9% (November 2023), reducing significantly over the last twelve months from a rate of 10.7% (November 2022). As many of the Council's contractual arrangements use the September CPI for increases, this has been reflected, where appropriate in the proposals for increases in 2024/25.
- The Council is experiencing significant inflationary pressures relating to staff costs, energy and fuel costs, contract costs and supplies. Consequently, the majority of charges where we have discretion to amend are proposed to increase by around 6.7%, ie. generally in line with the September 2023 CPI, with the exception of the Statutory and Commercial charges at Wisbech Port which are proposed to increase by 25% in order to begin to reduce the significant deficit being incurred on the Port operations.
- The proposed fees and charges for 2024/25 are attached at Appendix A.
- The proposals would, at current usage levels, generate further income from fees and charges of an estimated £211,480. No increase in fees and charges had been included in the draft budget report so this amount would reduce the current estimated shortfall for 2024/25.
- The estimated additional income assumes current usage/activity levels are maintained for 2024/25. Any reduction in the level of increases proposed or reduced usage/activity levels will reduce the estimated additional income.
- Consequently, alongside the proposed increases, the emphasis is also on maintaining or increasing usage/activity levels in order to maximise income.

3 Recommendations

 Members are asked to consider the proposals contained in this report and at Appendix A and to recommend to Cabinet the Fees and Charges to be included in the final budget proposals for 2024/25.

Report:

1 INTRODUCTION

- 1.1 The Draft Medium Term Financial Strategy and General Fund Budget 2024/25 considered by Cabinet on 18 December 2023 highlighted the significant challenges the Council faces over the medium term. Further details are contained in the draft budget report at a separate agenda item.
- 1.2 When reviewing the current level of fees and charges, officers have been mindful of the following principles:
 - (i) The current economic climate and the consequential impact on residents and businesses;
 - (ii) CPI Inflation at September 2023 was 6.7% and currently stands at 3.9% (November 2023), a significant reduction over the last twelve months (10.7% in November 2022);
 - (iii) The need to remain competitive and maintain/increase activity levels;
 - (iv) Flexibility in the charging regime to encourage increased usage and to assist with meeting Corporate Priorities;
 - (v) The need to maximise income levels to assist with funding the Medium Term Financial Forecasts.
- 1.3 The Council is also experiencing significant inflationary pressures relating to staff costs, energy and fuel costs, contract costs and materials and equipment costs. Consequently, the majority of charges where we have discretion to amend are proposed to increase by around 6.7%, ie. generally in line with the September 2023 CPI, with the exception of Wisbech Port charges which are proposed to increase by 25% in order to reduce the significant deficit being incurred on the Port operations (see 3.1 below).
- 1.4 The proposals would, at current usage levels, generate further income from fees and charges of an estimated £211,480. No increase in fees and charges had been included in the draft budget report so this amount would reduce the current estimated shortfall for 2024/25. However, of this additional income, around £100,000 is a result of the 25% increase in Port Dues which is entirely dependent on achieving the estimated ship numbers visiting the Port. Consequently, this additional income is far from certain and should be treated with caution.

2 PROPOSALS

- 2.1 The proposed fees and charges for 2024/25, together with comparisons with current charges, percentage increase and financial impact are detailed at Appendix A.
- 2.2 Many of the fees and charges are non-vatable and are shown in Appendix A as either exempt(e), non-business(n) or zero-rated(z). All other charges are standard rated and shown inclusive of VAT, with the exception of the charges for South Fens Business Centre, The Boathouse and Sutton Bridge Moorings, which are shown excluding VAT.
- 2.3 Some of the fees and charges are set centrally by government and other bodies and apply to all local authorities. These are included in Appendix A and cover the following:
 - Licensing Fees issued under the Licensing Act 2003 and Gambling Act 2005
 - Electoral Registration
 - Environmental Health Process Authorisation Fees and Ship Sanitation Certificates
 - Planning Fees

There is no discretion in the setting of these fees.

- 2.4 Planning Fees are set by government and after over 5 years of no increase, these were increased with effect from 6 December 2023. Major Development application fees increased by 35% and by 25% for all other applications. In addition, with effect from 1 April 2025, planning application fees will be subject to an annual indexation, capped at 10%.
- 2.5 The estimated financial impact of these increases has been included within the draft budget 2024-25 report at a separate agenda item.
- 2.6 Taking into account the principles detailed in 1.2 above, all Service Teams have assessed their charges for 2024/25 and their proposals are detailed in Appendix A.
- 2.7 Detailed service proposals are contained in the following sections together with some commentary explaining the rationale for the proposed charges for 2024/25. The following sections are in the same order as detailed in Appendix A.

3 GROWTH & INFRASTRUCTURE SERVICES

3.1 Wisbech Port – Statutory Harbour Dues (Wisbech & Sutton Bridge - Harbour & Light Dues, Conservancy Dues, Pilotage Dues and Additional Charges), Wharfage Dues (Wisbech only), Yacht Harbour (Wisbech only)

Statutory Dues

- Members will be aware that this Council is the Statutory Harbour Authority for the River Nene from Wisbech to the Bar Flat Buoy in The Wash. The Council is allowed to set charges to recover costs over a period of time, a principle re-iterated by the Department for Transport who have previously emphasised that there should not be any 'substantial or continuing subsidy from a local authority's general funds to its port'.
- These costs should be recovered from the charges levied on ships visiting Wisbech and Sutton Bridge using the Harbour Authority/Pilotage service. However, as a result of a continuing significant downturn in the number of ships visiting Port Sutton Bridge (and to a lesser extent Wisbech) over the past few years, the income received falls significantly short of the costs to provide this service.
- Currently, a review of the Port operations is ongoing in order to identify sustainable
 options over the medium and long-term. This will include a re-assessment of the
 costs of providing the service together with a charging policy which seeks to recover
 costs from the lower number of ships visiting the Port. This will inevitably lead to a
 substantial increase in charges unless shipping numbers increase significantly.
- As an interim measure, pending the outcome of the review and in order to begin to reduce the deficit in operating these services, it is proposed to increase the Statutory Dues by 25%.
- Members will receive further reports on the future strategy and direction of the Port operations in due course.

Commercial Fees

- As with the Statutory Fees above, the income from Commercial Fees (mainly Wharfage Dues at Wisbech) falls significantly short of the costs of providing these services.
- These services will also form part of the current review of Port operations. Based on the limited number of ships visiting Wisbech, the fees for the commercial operation would need to increase substantially in order to recover costs.

- Again, as an interim measure, pending the outcome of the review and in order to begin to reduce the deficit in operating this service, Commercial fees (Wharfage Dues) are proposed to increase by 25%.
- Additional charges at Wisbech Port are currently set a level to recover costs and in order to keep pace with inflation, these charges are proposed to increase by around 6.7%.
- Based on the estimated number of ships visiting Wisbech and Port Sutton Bridge in 2024/25, the proposed 25% increase in Statutory and Commercial Dues would generate around an additional £100,000 income. However, this is entirely dependent on achieving the estimated ship numbers visiting the Port. Consequently, this additional income is far from certain and should be treated with caution.

Yacht Harbour and Ancillary Charges

- As with the Statutory and Commercial Fees above, the income from mooring fees at the Yacht Harbour falls short of the costs of providing these services.
- It is important to note however that the moorings and ancillary services provided by the Council at the Yacht Harbour are discretionary services and do not have the same legislative requirements associated with the Statutory and Commercial operations at the Port. The principle of setting charges to cover costs (based on estimated occupancy levels) is however the same.
- These services will also form part of the current review of Port operations so as an interim measure, pending the outcome of the review, Yacht Harbour charges are proposed to increase by around 6.7%.
- Following the completion of the Sutton Bridge moorings, the Council has entered into an agreement with Lincolnshire County Council, who own the moorings, to manage them on their behalf. This includes the collection of berthing rates.

3.2 Mini-Factories, South Fens Business Centre and The Boathouse

- Rents have been reviewed in light of current occupancy rates and market comparisons. Following the changes agreed for 2023/24, it is proposed to keep the charges at the same level for 2024/25 with no changes to the minimum and maximum rent ranges as these are still considered to be appropriate. Actual rents are negotiable within the minimum and maximum charge per square foot/metre.
- The proposed rents would apply to new tenants and following rent reviews for existing tenants. Consequently, any estimate of additional income generated from these changes should be treated with caution.
- There has been a significant impact on room hire income over the past few years resulting from the Covid-19 pandemic. It is also proposed not to increase these for 2024/25 as these are set at a level to recover costs.

4 COMMUNITIES, ENVIRONMENT, LEISURE & PLANNING SERVICES

4.1 Environment Charges

- Generally, charges set at the discretion of the Council have been increased by around CPI with the exception of Stray Dogs which have been increased to reflect the increase in kennelling costs.
- Process Authorisation Fees and Ship Sanitation Certificates are increased annually in line with DEFRA and the Association of Port Health Authorities recommended charges which have yet to be received.

4.2 Cemeteries Service

- The Council provides a burial service in 6 cemeteries across the District, whilst
 maintaining another 15 closed cemeteries. FDC works hard to make sure that the
 cemeteries are well kept places to visit. In order to deliver what visitors to the
 cemeteries expect, we work together with our contractor, Tivoli Group, to ensure that
 high standards are maintained.
- It is proposed to increase the fees generally by around 10% with larger targeted increases for specific elements of the service. This is to ensure the fees reflect the cost of providing and investing in the service (an additional dedicated Cemeteries Officer is now in place who attends both cremations and burials) and the limited size of the cemeteries themselves. The proposed fees remain comparable with neighbouring authorities.

4.3 Commercial and Chargeable Household Waste Services

- The commercial waste services are subject to competition from the private sector. To remain competitive but also to reflect the increased cost of providing these services, charges are proposed to increase by between 2%-4%.
- The Bulky Household Waste collection charge has been rationalised in recent years to make the charges more transparent and easier to calculate for customers, thereby supporting the approach to reduce the appeal of illegal collection services. For 2024/25 the minimum fee is proposed to increase to £35.00 (for up to 5 items) with a proposed increase in each item above 5 to £7.00. This is to reflect the continued increases in service costs.
- With effect from April 2017, the Council has been operating a chargeable garden waste service. Full details of the scheme and charges are contained in various reports to Members throughout the last six years. As the charges for 2024/25 have already been set (annual subscription if paid by direct debit increased to £44 and if paid by debit card/cash, to increase to £55), the estimated financial impact of the scheme has been included in the draft budget 2024/25.

4.4 Markets and Fairs

- It is proposed that charges increase by around 6%-7%.
- The Showman's Guild has requested that the fees for Fairs be frozen. A 6.7% CPI increase would yield an additional £1,230 if all the fairs took place and this is included in the attached proposals subject to Members views.

4.5 Leisure Services

• Members will be aware that from 4 December 2018 new management arrangements are in place at the Council's Leisure Centres. The setting of charges at the leisure centres (with a few minor exceptions) are now the responsibility of Freedom Leisure, the management contractor.

4.6 Travellers Sites

• The Council operates and manages 5 sites comprising 64 pitches, situated in Wisbech, Wisbech St. Mary, Murrow, Parson Drove and Chatteris, on behalf of Cambridgeshire County Council (who owns them). Site rents (including water charges) are proposed to increase by 6.7% in order to continue to cover costs and provide the necessary services and improvements to the sites. Any surpluses generated from these rents are re-invested in the sites in accordance with the management arrangements agreed with Cambridgeshire County Council.

4.7 Homeless Persons Accommodation

- Rent increases of around 6.7% are being proposed at Creek Road Hostel in line with the social housing rent formula calculation. No increases in rents of the temporary accommodation properties (leased from Clarion) are being proposed as this would adversely affect the amount of housing benefit subsidy the Council would receive.
- Members will be aware that the Council is currently in the process of purchasing 29
 properties partly funded from the government's Local Authority Housing Fund (LAHF)
 initiative to provide temporary accommodation for Afghan (5 properties) and
 Ukrainian (8 properties) refugees and for the Council's general homelessness
 responsibilities (16 properties).
- As the LAHF properties will be owned by the Council, it is proposed that Broad Rental Market Area rents are charged for these properties as there is no impact on housing benefit subsidy for those tenants in receipt of housing benefit.

4.8 Planning Fees

- Planning Fees are set by government and after over 5 years of no increase, these
 were increased with effect from 6 December 2023. Major Development application
 fees increased by 35% and by 25% for all other applications. In addition, with effect
 from 1 April 2025, planning application fees will be subject to an annual indexation,
 capped at 10%.
- Ancillary charges are proposed to increase by around CPI but very limited income is generated from these.

4.9 Licensing

- Licensing Fees issued under the Licensing Act 2003 and Gambling Act 2005 are set by government and no increases are proposed for 2024/25. To reflect the full range of services provided, the schedule of fees includes for providing a copy of the licence and for notification of changes.
- Following a review of officer time to complete tasks associated with Animal Welfare Licensing, fees for 2024/25 are proposed to increase above CPI but now better reflect the cost of providing this service.
- Increases in Hackney Carriage/Private Hire Licences charges for 2022/23 included for the recovery of the cost of new software to enable processes to become more digital with less officer time required in the future. No further increases were proposed for 2023/24. For 2024/25, it is proposed that the Vehicle and Operator fees increase by around 6.7% but with no increase in the Drivers fees, partly to help encourage more drivers as there is a shortage in the local area. In addition, although there has been some reduction in administration time, the increase in staff costs (pay awards etc) off-sets this saving.

5 RESOURCES & CUSTOMER SERVICES

5.1 Land Charges

- From September 2022, Full Residential or Commercial Searches as well as an LLC1 only search became the responsibility of HM Land Registry and consequently we no longer need to set a charge for these searches.
- This Council will continue to provide replies to CON 29 residential and commercial enquiries as well as additional questions. It is proposed that FDC's element of these charges are increased by around 6.7% for 2024/25.
- Some of the fees contain an element set by Cambridgeshire County Council and these will be updated when we receive notification from them of their fees for 2024/25 (likely in April 2024).

5.2 Electoral Registration

• These fees are set by government and no further increases are planned for 2024/25.

6 FINANCIAL SUMMARY

- 6.1 The proposals in sections 3-5 above and Appendix A would, at current usage levels, generate further net income from fees and charges of an estimated £211,480. No increase in fees and charges had been included in the draft budget report so this amount would reduce the current estimated shortfall for 2024/25. The estimated additional income assumes current usage/activity levels are maintained for 2024/25. Any reduction in the level of increases proposed or reduced usage/activity levels will reduce the estimated additional income.
- 6.2 Of this additional income, around £100,000 is a result of the 25% increase in Port Dues which is entirely dependent on achieving the estimated ship numbers visiting the Port. Consequently, this additional income is far from certain and should be treated with caution.
- 6.3 The total estimated fees and charges which will be included in the final budget report for 2024/25, will take into account the agreed level of fees together with estimated usage/activity levels.

2024/25 Fees and Charges - with effect from 1 April 2024

Conditions of Use				

This tariff should be read in conjunction with the Wisbech Yacht Harbour Terms and Conditions of Use and the Berthing Licence.

- 1 All contracts are subject to availability and all fees payable in advance.
- 2 Cancelled contracts will attract a cancellation fee of 15% of the total contract value.
- 3 An administration fee of 10% may be applied to all non-contract charges which are invoiced against any vessel which leaves the Yacht Harbour before settlement of an account.
- 4 Berthing charges include Port of Wisbech harbour dues, portable water for filling tanks and access to Yacht Harbour facilities. NB Visiting craft are not guaranteed an alongside berth and depending on availability may be required to raft up.
- 5 Multi-hulled vessels may be subject to a surcharge of 1.5 times actual rate.
- 6 Commercial vessels, (those not designed and/or used for leisure purposes), may be subject to a surcharge of actual costs as a result of charges levied by Local or Statutory authorities.
- 7 LOA, (length overall), is the maximum length of any vessel and includes overhangs (push pits, pull pits, bowsprits, davits, etc)

•				
Administration charge for visiting vessels leaving without paying dues in full	36.35	38.75	6.6%
