

Agenda Item No:	7	
Committee:	OVERVIEW AND SCRUTINY	
Date:	13 JANUARY 2020	
Report Title:	DRAFT BUSINESS PLAN 2020-21	

1 Purpose / Summary

- For Overview and Scrutiny to comment on the Draft Business Plan 2020-21.

2 Key issues

- Our Draft Business Plan 2020-21 identifies the key challenges and opportunities for Fenland over the next year. It outlines our three Corporate Priorities which focus on Communities, the Environment and the Economy. A cross-cutting Quality Organisation priority also ensures that staff and resources effectively focus on the projects that matter the most to local people.
- The Council remains committed to delivering high-quality services, despite the challenges posed by a decade of public sector austerity. The development of a Commercial and Investment Strategy alongside the 'My Fenland' project are just two examples of how the organisation is transforming the way it works in order to maximise efficiency and to ensure it is well placed to meet future needs.
- We continue to lobby for investment to tackle important issues relating to skills, transport, affordable housing, education and regeneration. Two such examples are the improvements planned as part of the National Heritage Lottery Funded Wisbech High Street Project and the recently completed 'Growing Fenland' masterplans.
- Alongside partners, we continue to develop new ways of working. Initially supported by £736,000 of Government funding, the partnership 'Trailblazer' approach to early stage homelessness prevention has helped many local people and is shaping policy across the country. Our successful bid for £2.2million from the DCLG Controlling Migration Fund is supporting us and the wider Diverse Communities Forum partnership to tackle a variety of issues including homelessness, overcrowding, poor housing conditions, modern day slavery, discrimination and street drinking.
- The public consultation on the Draft Business Plan will run from 9 January until 3 February 2020. Surveys will be available to complete online and at our Customer Service Centres, Community Hubs and Business Centres. Feedback will be incorporated into the final version of the Business Plan that will be considered by Cabinet and Council on 20 February 2020.
- Cabinet would welcome comments on the focus of the priorities and sub priorities of the Draft Business Plan.

3 Recommendations

- For Overview and Scrutiny to make comments on the Draft Business Plan 2020-21.

2020/21

Business Plan 2020-21

Introduction by the Leader of the Council and Chief Executive

Our aim: "To improve the quality of life for people living in Fenland."

Welcome to Fenland District Council's Business Plan for 2020/21.

Our Business Plan sets out the projects and services we will deliver across Fenland over the next 12 months. It should be read alongside our Budget and Medium Term Financial Strategy, which explain how we will manage our finances over the next few years.

Public sector austerity has now continued for over a decade. Since 2010, we have made savings of £9.9million, and must make a further £1.651million between 2020/21 and 2023/24. The challenge remains to deliver good quality services that our residents need, whilst investing in services and projects that help the district to grow. We continue to work closely with partners, with well-established arrangements in place for a number of our key services including Revenues and Benefits and Planning Policy. Our recent partnership with Freedom Leisure has already enabled improvements to be made to our leisure centre facilities, whilst saving £351,000 per year.

As an organisation, work is underway to ensure we are operating as effectively as possible – not only to meet current needs, but to meet future ones too. We recently adopted a Commercial and Investment Strategy which will support us to make good decisions on income generation, regeneration and place-shaping opportunities. Our 'My Fenland' Customer Services project is enabling us to transform our processing of customer enquiries by utilising technology to enable residents to access services 24/7. A number of transformation projects, spanning across a variety of service areas, are also changing the way we work to meet emerging needs.

We are an ambitious, forward thinking organisation and continue to lobby for investment to help tackle important issues – particularly relating to skills, transport, affordable housing, education and regeneration. As a result, we have commitments of £61 million from the Cambridgeshire and Peterborough Combined Authority towards projects that will benefit Fenland. We continue to work with partners to deliver property improvements, including ambitious plans for 11/12 and 24 High Street, as part of the National Heritage Lottery Funded Wisbech High Street project. The recently completed 'Growing Fenland' masterplans also offer exciting possibilities to bring economic growth and regeneration for our four market towns. As ever, we continue to pursue funding for ambitious and transformational projects and hope to secure Government funding for our 'March Future High Street' bid, having been successful in the first phase.

Chris Boden –
Leader of
the Council

Alongside partners, we also continue to develop new ways of working. Now in its third year, and initially supported by £736,000 of Government funding, our new partnership 'Trailblazer' approach to homelessness prevention across Cambridgeshire and Peterborough is shaping best practice across the country. Early intervention and multi-agency working has supported over 1,000 households, who would usually not qualify for help, to avoid becoming homeless. We also successfully bid for £2.2million of funding from the DCLG Controlling Migration Fund. This is supporting us and the wider 'Diverse Communities Forum' partnership to successfully tackle migration issues affecting local people including homelessness, overcrowding, poor housing conditions, modern day slavery, discrimination and street drinking. This work has recently been shortlisted for a national award and best practice is being shared nationally, contributing to sector-led improvement.

Paul Medd –
Chief Executive

We hope this introduction has provided a valuable insight into just some of what we do and aim to achieve. We remain committed to working with all our towns, villages and rural communities to make Fenland an even better place to live and work.

About Fenland

Fenland has strong community spirit and pride in its heritage. Over 101,400 people live in the district (ONS: 2018), which covers 211 square miles within North Cambridgeshire. 75% of people live in our four market towns of Chatteris, March, Whittlesey and Wisbech. Our beautiful rural landscape is home to 29 villages and attracts visitors from around the country.

Fenland has the lowest house prices in Cambridgeshire and plentiful availability of commercial land. As a result, our population is growing quickly. By 2036, it is predicted that the population will have increased by 9% to 110,700 (ONS: 2018). We have plans in place, some of which are discussed within this plan, to maximise the positive opportunities that growth brings.

Our population is also getting older. 29% of our population are aged 60 or over; above average compared to Cambridgeshire and the UK as a whole (ONS: 2019). Alongside partners, we are working to enable residents to access the support they need to live happily, healthily and independently.

We also face some challenges around deprivation, particularly around education and health. We are the 80th (out of 326) most deprived area in the country, with some wards within the top 10% most deprived (IMD: 2019). Nevertheless, we continue to work closely with other organisations to positively overcome these challenges.

Our Priorities

Our Business Plan sets out the priorities we aim to deliver over the next 12 months. These priorities have been developed to address the most important needs of local people and communities as a whole.

Our priorities are split into three headings: Communities, Environment and Economy. The fourth priority, Quality Organisation, sits alongside each priority.

Despite continued austerity challenges, our 366 employees are proud to deliver a variety of high-quality core services. In a typical year we empty 3 million bins, clean 210 million square miles of town centres and open spaces, answer 78,000 telephone enquiries, determine 1,300 planning applications, enable 75,400 people to vote in elections – and more!

As an organisation, our unique 'one-team' culture supports the effective delivery of our priorities. It enables officers, elected members and partners to effectively work together without the constraints of traditional department silos. We support and invest in our workforce to give them the skills they need to work effectively in their roles, which has been recognised by continued Customer Service Excellence (CSE) re-accreditations. In our latest Staff Survey (2018), 84% of staff said they were proud to work for us.

Summary of Corporate Priorities

The table below gives a summary of our cross-cutting corporate priorities, which are explained in more detail over the next few pages. Some priorities relate to our 'core' services that we deliver day-to-day, such as bin collection and processing benefits. Others explain the specific projects we will deliver within 2020/21.

Each priority is underpinned by a series of performance indicators, which is reported to all Members at our Council meetings. These public reports are summarised to provide end of year performance updates in our Annual Report. This explains what the Council has been doing over the previous financial year to achieve its objectives.
