4 Purpose / Summary

To review the Council's Fees and Charges for 2020/21, in line with the Budget Strategy being considered by Cabinet on 9 January 2020.

5 Key issues

- At a separate agenda item, the draft Budget report for 2020/21 highlights the significant financial challenges the Council faces over the medium term and the scale of savings required. The proposals in this report contribute to producing a balanced budget for 2020/21.
- The current and forecast economic climate dictates that the Council's charges have to remain sympathetic of local people's ability to pay, whilst at the same time maximising income to the Council.
- Consumer Price Index (CPI) inflation currently stands at 1.5% (November 2019), steadily reducing over the last twelve months from a rate of 2.3% (November 2018). Inflation is forecast to remain at these levels in the short-term with a steady increase over the next year to around 2%. Even at this rate, these are historically low figures and officers have been mindful of the low inflation environment when considering proposals for increases in 2020/21.
- The inflation the Council experiences in some of its services may however be higher than CPI where contracts specify the Retail Prices Index (RPI) or is related to fuel and wage inflation. The increase in costs in these services may be higher than that being proposed for fees and charges.
- The proposed fees and charges for 2020/21 are attached at Appendix A.
- The proposals would, at current usage levels, generate further income from fees and charges of an estimated £43,490. This amount is in line with the assumptions and income levels included in the draft budget report.
- Consequently, the emphasis is on increasing usage in order to maximise income levels. Any reduction in the level of increases proposed will increase the pressure on the 2020/21 budget.

6 Recommendations

• Members are asked to consider the proposals contained in this report and at Appendix A and to recommend to Cabinet the Fees and Charges to be included in the final budget proposals for 2020/21.

1 INTRODUCTION

- 1.1 The Draft Medium Term Financial Strategy and General Fund Budget 2020/21 being considered by Cabinet on 9 January 2020 highlighted the significant challenges the Council faces over the medium term. Further details are contained in the draft budget report at a separate agenda item.
- 1.2 When reviewing the current level of fees and charges, officers have been mindful of the following principles:
 - (i) The current economic climate and the impact on residents and businesses;
 - (ii) CPI Inflation currently stands at 1.5% (November 2019), although this is forecast to increase slightly over the next twelve months;
 - (iii) The need to remain competitive and maintain/increase activity levels;
 - (iv) Flexibility in the charging regime to encourage increased usage and to assist with meeting Corporate Priorities;
 - (v) The need to maximise income levels to assist with funding the Medium Term Financial Forecasts.
- 1.3 The inflation the Council experiences in some of its services may however be higher than CPI where contracts specify the Retail Prices Index (RPI) or is related to fuel and wage inflation. The increase in costs in these services may be higher than that being proposed for fees and charges.
- 1.4 Although the Draft Budget report did not specifically identify a proposed increase in fees and charges, certain assumptions had to be made in order to produce the draft budget for 2020/21. The proposals detailed in this report will, overall, meet the income levels included in the Draft Budget report. Any reduction in the level of increases proposed will increase the pressure on the level of savings required.

2 PROPOSALS

- 2.1 The proposed fees and charges for 2020/21, together with comparisons with current charges, percentage increase and financial impact are detailed at Appendix A.
- 2.2 Many of the fees and charges are non-vatable and are shown in Appendix A as either exempt(e), non-business(n) or zero-rated(z). All other charges are standard rated and shown inclusive of VAT, with the exception of the charges for South Fens Business Centre and The Boathouse, which are shown excluding VAT.
- 2.3 Some of the fees and charges are set centrally by government and apply to all local authorities. These are included in Appendix A and cover the following:
 - Licensing Fees issued under the Licensing Act 2003 and Gambling Act 2005
 - Electoral Registration
 - Environmental Services Process Authorisation Fees
 - Planning Fees

There is no discretion in the setting of these fees and there are no further increases planned for 2020/21.

2.4 Planning Fees are set by government and after 5 years of no increase, these were increased by 20% with effect from 17 January 2018. No further increases in these fees are planned for 2020/21.

- 2.5 Taking into account the principles detailed in 1.2 above, all Service Teams have assessed their charges for 2020/21 and their proposals are detailed in Appendix A.
- 2.6 Detailed service proposals are contained in the following sections together with some commentary explaining the rationale for the proposed charges for 2020/21. The following sections are in the same order as detailed in Appendix A.

3 GROWTH & INFRASTRUCTURE SERVICES

3.1 Wisbech Port – Statutory Harbour Dues (Harbour & Light Dues, Conservancy Dues, Pilotage Dues and Additional Charges), Wharfage Dues (Wisbech only), Yacht Harbour (Wisbech only)

Statutory Dues

- Members will be aware that this Council is the Statutory Harbour Authority for the River Nene from Wisbech to the Bar Flat Buoy in The Wash. The Council is allowed to set charges to recover costs over a period of time, a principle re-iterated by the Department for Transport who have previously emphasised that there should not be any 'substantial or continuing subsidy from a local authority's general funds to its port'.
- These costs will be recovered from the charges levied on ships visiting Wisbech and Sutton Bridge using the Harbour Authority/Pilotage service. It is proposed that these charges be increased by inflation.
- The overriding objective when setting charges is to recover the estimated costs of providing this service, taking into account projected ship numbers. There is no cross-subsidy between these charges and the commercial and yacht harbour operations at the Port.

Commercial and Yacht Harbour Fees

- The Council has benchmarked the commercial fees against neighbouring authorities and found that Fenland's charges are broadly in line with these. To keep pace with inflation, the commercial charges are proposed to increase by around 1.5%.
- Berthing rates at the Yacht Harbour have not increased for a number of years and in order to better reflect the cost of providing these services, berthing rates and all ancillary charges are proposed to increase by around 5%. Regular benchmarking reviews show that the proposed charges remain competitive.
- Following the completion of the Sutton Bridge moorings, the Council has entered into an agreement with Lincolnshire County Council, who own the moorings, to manage them on their behalf. This includes the collection of berthing rates.

3.2 Mini-Factories, South Fens Business Centre and The Boathouse

- Rent levels are generally proposed to increase by inflation for mini-factories, South Fens Business Centre and The Boathouse. The proposed charges are considered appropriate for current market conditions.
- Increases to room hire rates are being proposed, ranging from 1.5% to 3.4%, which will maintain the competitiveness between the premium offer provided by the Council's Business Centres and similar comparative offers in the private sector.

4 HOUSING, ENVIRONMENT, LEISURE & COMMUNITY SERVICES

4.1 Generally, only minor changes to environment charges are being proposed for 2020/21 except for Ship Sanitation Certificates which are increased annually in line with the Association of Port Health Authorities recommended charges and the specific charges detailed below.

4.2 Training Courses

• In response to business feedback, a food business support package has been designed to assist with legal requirements and to achieve a higher rating scheme. An hourly rate for coaching (includes travel) together with a fee for information to support coaching are new fees being proposed.

4.3 Cemeteries Service

- The Council provides a burial service in 6 cemeteries across the District, whilst maintaining another 15 closed cemeteries. FDC works hard to make sure that the cemeteries are well kept places to visit. In order to deliver what visitors to the cemeteries expect, we work together with our contractor, Tivoli Group, to ensure that high standards are maintained.
- Following a benchmarking exercise, it is proposed to increase the majority of fees, with increases ranging from 1.4% to 6%, in order to make them comparable with neighbouring authorities and also to reflect the cost of providing and investing in the service and the limited size of the cemeteries themselves.

4.4 Commercial and Chargeable Household Waste Services

- The commercial waste services are subject to competition from the private sector. To remain competitive, and support small local businesses, no increases in charges are being recommended this year.
- With effect from April 2017, the Council has been operating a chargeable garden waste service. Full details of the scheme and charges are contained in various reports to Members throughout the last three years. As the charges for 2020/21 have already been set (to remain at current levels), the estimated financial impact of the scheme has been included in the draft budget 2020/21.

4.5 Leisure Services

• Members will be aware that from 4 December 2018 new management arrangements are in place at the Council's Leisure Centres. The setting of charges at the leisure centres (with a few minor exceptions) are now the responsibility of Freedom Leisure, the new management contractor.

4.6 Fairs

• There has been no increase in the fee for Fairs for a number of years and consequently, a modest increase is proposed.

4.7 Travellers Sites

 The Council operates and manages 5 sites comprising 64 pitches, situated in Wisbech, Wisbech St. Mary, Murrow, Parson Drove and Chatteris, on behalf of Cambridgeshire County Council (who owns them). Site rents (including water charges) are proposed to increase by 2.7% in order to continue to cover costs and provide the necessary services and improvements to the sites (site rents did not increase this year). Any surpluses generated from these rents are re-invested in the sites in accordance with the management arrangements agreed with Cambridgeshire County Council.

4.8 Homeless Persons Accommodation

• Rent increases of around 2.7% are being proposed at Creek Road Hostel and at the temporary accommodation properties (leased from Clarion) in line with the social housing rent formula calculation and in order to cover costs (rents did not increase this year). The proposed rents remain within the upper limit of housing benefit thresholds.

4.9 Licensing

- Licensing Fees issued under the Licensing Act 2003 and Gambling Act 2005 are set by government and no increases are proposed for 2020/21.
- To meet the requirements of The Licensing of Animals (Prescribed Description) Animal Welfare (Licensing of Activities involving Animals) (England) Regulations 2018, a revised set of fees was implemented with effect from October 2018. No further increases are proposed for 2020/21.
- Hackney Carriage/Private Hire Licences charges are currently set at a level to recover the estimated cost of the service. Consequently, no further increases are proposed for 2020/21. The fees relating to Safeguarding/Disability Awareness Training; Driver Knowledge Tests and DBS checking have been amended to better reflect the costs associated with these.

5 POLICY, GOVERNANCE & PLANNING SERVICES

5.1 Planning Fees

- These fees are set by government. Following five years of no increases these fees were increased by 20% with effect from 17 January 2018. No further increases in these fees are planned for 2020/21.
- At the same time as the planning fee increase, pre-application planning advice charges were also increased by 20%. No further increases in these fees are planned for 2020/21.
- No increase in ancillary charges is proposed as very limited income is generated from these.

5.2 Land Charges

• No increase in the basic search fees are being proposed, as the current fees are at a level which covers costs and maintains competitiveness.

5.3 Electoral Registration

• These fees are set by government and no further increases are planned for 2020/21.

6 FINANCIAL SUMMARY

- 6.1 The proposals in sections 3-5 above and Appendix A would, at current usage levels, generate further net income from fees and charges of an estimated £43,490. This amount is in line with the assumptions and income levels included in the draft budget report. Any reduction in the level of increases proposed will increase the pressure on the 2020/21 budget.
- 6.2 The total estimated fees and charges which will be included in the final budget report for 2020/21, takes into account the agreed level of fees together with estimated usage/activity levels.
