UPDATE

Consultee comments received:

FDC Environmental Health

This response has re-considered the Environmental Health issues concerning this proposal.

A site visit hasn't been made and this response is based on a desk-top study

Documents considered are: -

- Environmental Health response – dated 23 October 2020*
- Subsequent documents issued since that date*

As the subsequent documents express concerns which would not change our response made on 23 October 2020, there are comments to raise and our response still stands.

Consequently, there are still no objections to the granting of consent to this proposal.

Resolution: No change to the recommendation which is to refuse the application as per Section 12 of agenda item 5.
