

**Hackney Carriage Vehicle**

**Meter Certificate**

|                              |  |           |  |
|------------------------------|--|-----------|--|
| Vehicle Registration Number: |  |           |  |
| Tariff Code:                 |  |           |  |
| Calibration Code:            |  |           |  |
| Meter Make & Model           |  |           |  |
| Serial number:               |  |           |  |
| Tyre Size:                   |  |           |  |
| N/S Front:                   |  | N/S Back: |  |
| O/S Front:                   |  | O/S Back: |  |

I confirm that the Taxi Meter has been fitted at dashboard height or above and does not obscure the forward vision of the driver.

The Taxi Meter is fully automatic calendar controlled. The begging light works in sequence with the Taxi Meter and the Meter has been fully calibrated with the current Tariff approved by Fenland District Council.

The Taxi Meter installer has been authorised by the Council to seal the taxi meter.
