

### THE REALM OF SNACKLAND

Did you know clothes and crisp packets cannot be recycled in your blue bin, but they can become part of an upcycled realm we have called Snackland. Here is how:

### WHAT WILL YOU NEED?

Dolly peg  
Crisp packets (clean)  
Pipe Cleaner  
Felt tips  
Scrap material  
Scissors  
Glue  
A grown-up to help

### LETS BUILD A FAIRY

#### STEP 1

Wrap a pipe cleaner around the dolly peg to make arms

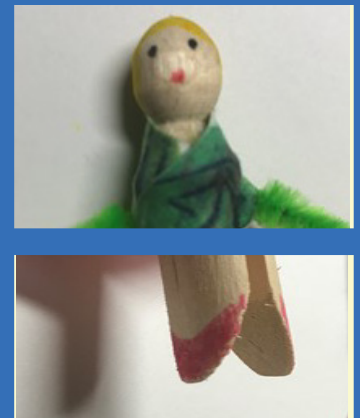

#### STEP 2

Wrap and glue a strip of fabric around the peg to make a top

#### STEP 3

Stick a larger piece of fabric to make a skirt (or sew one)

#### STEP 4

Draw on a face and shoes

#### STEP 5

Out of a crisp packet cut out wings for the fairy – get creative! Then glue them to your fairy.

### IMPORTANT NOTICE

Fairies love recycling. They are hurt by litter and get angry when people do not recycle properly. Keep your fairy safe and happy by recycling rubbish properly.

If your not sure what rubbish goes in what bin visit

for help.

## THE REALM OF SNACKLAND

Did you know crisp packets and tubes cannot be recycled in your blue bin, but they can become part of an upcycled realm we've called Snackland. Here's how:

## WHAT WILL YOU NEED?

- Dolly peg
- Crisp packets (clean)
- Pipe Cleaner
- Felt tips
- Scissors
- Glue
- Cellotape
- A grown-up to help

## LET'S BUILD A KNIGHT

Let's start by making armour for your Knight using our recycled crisp packet. We will make a tunic, arm and leg armour, a helmet and a sword and shield.

### YOUR KNIGHTS ARMOUR

#### Tunic

Your Knights needs a tunic. Cut a rectangle piece from your crisp packet. The size is up to you, you have creative control.

To make it easier to slip over the dolly peg, we cut a diamond shaped hole. Just fold your tunic in half, and cut a triangle shape, to make your diamond shape.

### STEP 1 - THE TUNIC

#### Legs

Now let's make your Knights leg armour. Using your crisp packet cut two small rectangle pieces, again the size is up to you, design your Knight how you wish.

#### Arms

Your last piece is your Knights arms. These are 2 more rectangles, We suggest you make this a little smaller than your leg armour.

### STEP 2 - THE LEG ARMOUR

### STEP 3- THE ARM ARMOUR

### LETS BUILD A KNIGHT - CONTINUED

#### YOUR KNIGHTS HELMET, SHIELD AND SWORD

Helmet

Using what you have left from your recycled crisp packet, you need to cut out a piece that is shaped like a capital B, with a small tail on the end, to cover your peg head.

Shield And  
Sword

Be creative, design a sword and shield to match your Knights personality.

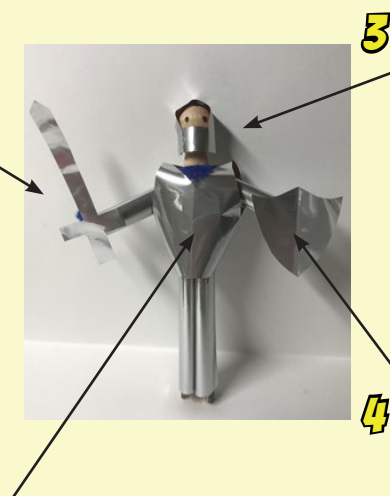

#### STEP 4- THE KNIGHTS HELMET

Wrap a pipe cleaner around the dolly peg to make arms.

#### STEP 5 - SWORD AND SHIELD

- 1 Wrap the arm and leg rectangles around the pipe cleaners and stick them in place.
- 2 Take your tunic and place it over the peg head, and shape it how you want your Knight to look. When you are happy, stick it in place.

- 3 The tail of the B shape is the protective face mask, wrap this around the pegs head, and draw some eyes on your Knight.
- 4 Now just stick on your shield and sword and name your Knight.

#### STEP 6 - GIVE YOUR KNIGHT SOME ARMS

#### STEP 7 - DECORATE AND FINISH YOUR KNIGHT

## THE REALM OF SNACKLAND

Did you know crisp tubes cannot be recycled in your blue bin, but they can become part of an upcycled realm we've called Snackland. Here's how:

## WHAT WILL YOU NEED?

- Empty crisp tube (like Pringle's)
- Glue
- Felt tips
- Scissors
- Googly eyes or buttons
- Paper
- A grown-up to help

## LET'S BUILD A DRAGON

### STEP 1

Cover the tube in paper and glue it on

### STEP 2

Draw and cut out some arms, legs, wings, tail and a head

### STEP 3

Decorate your dragons face

### STEP 4

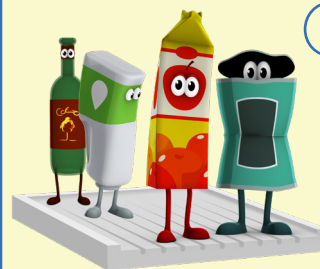

Stick on the parts to the tube

### STEP 5

Now decorate your dragon how you want!

## ARE YOU READY?

Now you have a Knight, a fairy and a dragon to play within the upcycled realm of Snackland. Use them to help fight the litterbugs that plague the lands. Use their special powers to help others to recycle and use the litter bin.
