

Equality Impact Assessment (EQIA) Screening Form – V2 Template – November 2024

A successful EQIA screening will look at 5 key areas:

1. Identify the Policy, Project, Service Reform or Budget Option to be assessed.

A clear definition of what is being screened and its aims.

2. Gathering Evidence and Stakeholder Engagement

Collect data to evidence the type of barriers people face to accessing services (research, consultations, complaints and/or consult with equality groups).

3. Assessment and Differential Impacts

Reaching an informed decision on whether or not there is a differential impact on equality groups, and at what level.

4. Outcomes, Action and Public Reporting

You should list below any data, consultations (previous relevant or future planned), or any relevant research or analysis that supports the Policy, Project, Service Reform or Budget Option being undertaken.

Reminder – protected characteristics include age, disability, race and/or ethnicity, religion or belief (including lack of belief), gender, gender reassignment, sexual orientation, marriage and civil partnership, pregnancy and maternity.

If so, please list the main issues that you wish to address if the consultation is planned; or if consultation has been completed, please note the outcome(s) of consultation.

If applicable, please provide further information about stakeholder engagement or detail used for customer analysis
Note relevant consultation; who took part and key findings; refer to, or attach other documents if needed; include dates where possible

Section 3: Assessment and Differential Impacts

Use the table below to provide some narrative where you think the Policy, Project, Service Reform or Budget Option has either a positive impact (contributes to promoting equality or improving relations within an equality group) or a negative impact (could disadvantage them) and note the reason for the change in policy or the reason for policy development, based on the evidence you have collated.

Please note that:

- a Positive Impact could benefit an equality group and a negative impact could disadvantage an equality group

- for reasons of brevity race is not an exhaustive list – please edit the list if appropriate to reflect the complexity of other racial identities
- a definition of disability under the Equality Act 2010 is available on the [gov.uk website](http://gov.uk)
- there are too many faith groups to provide a list, therefore, please input the faith group e.g., Muslims, Buddhists, Jews, Christians, Hindus, etc. Consider the different faith groups individually when considering positive or negative impacts
