10. Please use the box below to set out your reasoning behind your response to Q7, Q8 and/or Q9.

I believe the withdrawal of the North East allocation detrimental to this area of the town. Remove the playing field element but keep in the plan, the building of houses on

Some of the remainder of land.
If the area behind the existing development of Berryfields was used, it would be a natural extension of the area, with a smaller number of desirable houses.

I believe development of this area would bring much needed employment and economical growth to the town.

I wholeheartedly believe that not developing the North East area of the Town will leave this area under developed. New housing will lead to more purpose built play areas for children. As the railway station is within walking distance, those who commute, would be able to walk, leading to less congestion on the roads.

11. If you think that the Fenland Core Strategy (with Addendum) needs further changes, please set out what you consider the change(s) should be to make it legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
